For the Nashville True Whig.

The Board of Education has noticed a communication in the True Whig, of yesterday, headed-"Our Public Schools, Teachers, &c.," signed with

The writer says that "Friends of the free school system who had watched the experiment closely and critically, day by day," during the late session, "with interest, though disappointed, still looked with confidence to the experience of another session. That session has now commenced, with an increased number of pupils, but the Board of Education have departed from the proper rule New York Sight Checks....... par to % discount.

After examining an individual who sought employment as a teacher, and rejecting him as incompetent, they have reversed their decision and given him a class."

The writer further says, that "as a friend of the system, and as a parent having children in the schools, I enter my protest now, at the first moment, against the above mentioned departure from the standard of qualifications for teachers."

And it is right for a parent to protest in such a case. But as the Board of Education is known, and the writer is not, the Board desire that he will meet them at his earliest convenience and make good the above allegations of fact, under the assu- NEW DRIED PEACHES wanted by rance that he will find them ready to remove any teacher shown to be incompetent. WEEKLY REVIEW OF THE MARKET. TRUE WHIG OFFICE.

NASHVILLE, Sept., 13, 1855. The weather for the past week has been every way favorable for the maturing of the corn, estion and tobacco crops. The rains have been comparatively light with a warm sun.

The river has been up to over six feet on the shoals since our last weekly report, but has been slowly receeding for a day or two, and there are now only about 41 to 5 feet.

Business continues quite brisk in all departments of trade. Our wholesale Dry Goods merchants, especially, are entertaining a host of customers from clouded fervency. For September the weather all parts of Tennessee, Alabama and Georgia, and may be said to be fully up to the season in we are glad to learn are giving great satisfaction. Purify the Bloodd. With Sloan's Life Syrup, it is decidedly the best and cheapest blood purifier in use. Its life-giving properties impact a healthy action to the whole system, and thereby ward off summer diseases of every kind.

See Sloan's advertisement in another column. sep18-1w Weak, nervous, depressed in spirits, and a prey to incu

merable mental as well as physical evils, the victim to dyspepsia is indeed an object of commiseration. Yet it is absurd for him to despair. We care not how low, weak, neryous and irritable he may be, the cordial properties of Hoofland German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, are stronger than the many headed monster which is preying upon his body and mind; and if he chooses to try them, we will insure a speedy cure. See advertisement.

Liver Disease. Carter's Spanish Mixture, as a remedy for liver disease and the number of formidable evils connected with a dis-

organised state of that organ, is unrivalled. Hundreds of certificates from the highest sources, of per sons flying in the city of Richmond, Va., might be given of BOOTS AND SHOES. cures effected by Carter's Spanish Mixture. We have only room to refer to the extraordinary core of Samuel M. Drinker, Esq., of the firm of Drinker & Morris, Booksellers, Richmend, Va , who was cured by two bottles of Carter's Spanish Mixture, after three years suffering from diseased liver. He says its action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends it to all.

BY TELEGRAPH.

Further by the Africa. NEW YORK, Sept. 12.

The Asia arrived out on the 24th. A paper found on a dead Russian General shows the attack on Tchernaya was a deliberate attempt to raise the seige-had they gained the heights the attack would have been made at four other points. The Russian force consisted of 56,000 infantry, 6,000 cavalry and 160 guns. The French 12,000 men, 4 batteries. The Sardinians 45,000 men and 24 guns. The Russians carried the bridge and crowned heights three times, but were repulsed, their retreat being covered by batteries. The French loss was, officers, 15 killed, 53 woundedmen, 172 killed, 150 missing, 1,160 wounded. The Sardinian loss was 250. Russian loss, 3,000 killed, 5,000 wounded, and 1,800 prisoners.
